

# Cozumel

July 13 - 20, 2014

Join Wilson Diving for a tropical dive getaway to this all time favorite destination. The warm, clear waters surrounding the island of Cozumel in Mexico's Mayan Riviera boast fantastic diving with lots of variety. Soft currents carry you serenely from spectacular walls to swim-throughs. A healthy marine life and superb visibility keep visitors coming back year after year.

We will be staying at Hotel Cozumel, which has the largest pool on Cozumel, and diving with Dive Paradise, our preferred partner in Cozumel. You are going to have a fantastic time on this trip!
